UN-FRAMED

Youth Work to Raise Awareness on LGBTQ+ Among European Youth

GENERAL BACKGROUND

Lunaria launched in 2012 a **MEDIUM TERM STRATEGY** aimed to promote gender equality. The actors, target groups and beneficiaries of the process are young people, youth-social workers, local organizations and NGOs. Within this strategy, Lunaria has already implemented different projects in cooperation with European and partner countries organizations:

- ✓ in 2013 **TAG CLOUD Respecting and Valuing Gender and Generational Differences:** training course aimed to develop new tools in the gender framework for youth workers and to enhance gender equality within the projects and actions they realize at local level;
- ✓ in 2014-2015 **JAMBO Young Women Empowerment to Improve Quality of Youth Work and Volunteering in EU and Partner Countries:** capacity building project aimed to empower youth and social workers from eastern Africa and EU, by providing them with new tools to favour women participation in short term local and international voluntary service projects;
- ✓ 2015-2016 **PANDORA'S BOX Young Women, Community Development through EU and LA Cooperation:** capacity building project to follow up the work already started in Jambo, but this time, developing the action in the field of gender equality in EU and Latin American countries;
- ✓ 2016 **THE POT OF GOLD Education and exchange to fight hate speech and discrimination:** project including a training course and a youth exchange aimed at developing new tools to address the emergence and the spread in youth contexts of hate speech toward individual ad communities LGBTQ+ and discrimination based on gender and sexual orientation;

- ✓ 2017–2018 **STAGED! Struggling Against Gender-based Discrimination through Youth Work in EU and Asia**: capacity building to follow up the work started in Jambo and Pandora and aimed to enhance gender equity and young women empowerment in EU and SEA, by developing new tools and methods to favour young women participation in projects and international voluntary service activities.

The main **PRIORITIES** within this strategy were and are:

- ✓ to raise **youth** awareness on the daily growth of discrimination and to share relevant tools to make sensitisation among other peers;
- ✓ to provide **youth workers** and **peer educators** with new tools to fight the discrimination wide-spread and to promote intercultural approaches;
- ✓ to provide **local, international organizations** and **NGOs**, with new tools to conceive and implement actions and projects;
- ✓ to share **good practices** and **working methods** to make more effective the local and global action in Europe and worldwide;
- ✓ to create a **network** of different actors and organizations from the civil society, to promote equality and human rights.

UN-FRAMED is part of the above mentioned strategy and intends to develop new tools and methods to enhance gender-sensitive approaches within European youth projects and International Voluntary Service activities.

GEWG: the project will be connected to strategic actions and priorities of the Alliance of European Voluntary Service Organizations network, and specifically the **Gender Equality Working Group**, aimed to promote gender-sensitive approaches and behaves in IVS projects in EU and worldwide.

The participation is compulsory to ensure continuity in the pedagogical approach and the learning process.

Please, consider this before applying for the TC.

METHODOLOGY

The whole project will be based on non formal education - NFE methodologies and for this reason, it will be articulated following the **NFE main pillars:**

- ✓ flexibility, being learner-centred, contextualized and based on the promotion of participatory approaches;
- ✓ horizontal cooperation, where facilitators and experts create a shared learning path with participants and trainees, encouraging the exchange of knowledge;
- ✓ personal empowerment through self-esteem raising, development of the self-confidence, competences and skills development.

During the project it will be proposed a **LEARNING BY DOING APPROACH: the specific learning objectives are organized to be practically experimented through interactive activities and to ensure a coherent learning process. Furthermore, **METHODS WILL BE RE-ADAPTED** during the process, taking into account the needs of participants and of the different actors involved.**
